

Illinois Public Hunting Areas Report: 2024-2025 Wildlife Harvest

Division of Wildlife Resources, Illinois Department of Natural Resources

The *Illinois Public Hunting Areas Report* is developed each year to provide information on public hunting/trapping effort and wildlife harvest. This report provides both hunting and trapping information on Illinois Department of Natural Resources (IDNR) owned, leased or managed public hunting sites.

Tables 1-3 provides hunter effort and harvest data for the 2024-2025 hunting seasons. The charts provide data from 1990 to present. Readers should be aware that data collection varies by site and year.

Federal Aid in Wildlife Restoration

The Federal Aid in Wildlife Restoration Program (resulting from the Pittman-Robertson Act of 1937 – a cost share program administered by the U.S. Fish & Wildlife Service) has either funded or is currently funding wildlife habitat developments or has acquired land on 125 of the 217 public hunting and trapping areas. Pittman-Robertson (P-R) funding provides wildlife habitat development, maintenance activity, research projects and land acquisition for wildlife management purposes in

Illinois. P-R funds also provide funding for Illinois hunter safety course administration and materials. The purpose of the P-R Act is to strengthen the ability of the States to preserve, protect and enhance wild animal and bird resources. Benefits include providing increased public enjoyment of these resources.

Equal Opportunity

Equal opportunity to participate in programs of the Illinois Department of Natural Resources (IDNR) and those funded by the U.S Fish and Wildlife Service and other agencies is available to all individuals regardless of race, sex, national origin, disability, age, religion or other non-merit factors. If you believe you have been discriminated against, contact the funding source's civil rights office and/or the Equal Employment Opportunity Officer, IDNR, One Natural Resources Way, Springfield, IL 62702-1271, 217/782-2662; TTY 217/782-9175.
